The Land: Forging: A LitRPG Saga (Chaos Seeds Book 2)

Synopsis

The second captivating installment of Aleron Kong's, Chaos Seeds series. "We are life takers and heart breakers," Richter shouted. "Let's go!" Richter and Sion are at it again! Even more of what you loved in the first book! Leveling, world building, awesome items, and what's that you say? Sure! Why not? What's a little necrophilia between friends!?! Join your favorite Chaos Seed as he answers the call of adventure and deals with the invaders, greedy dwarves, and a wood elf that keeps telling him he has a pretty mouth! Welcome back my friends! Welcome back... to The Land!!!!

Customer Reviews

This was a great read, building on everything that was enjoyable in the first book. Aleron Kong is clearly growing as an author. He keeps the reader's interest throughout the book and as the character has grown, as the stage has widened, the challenges have exceeded any growth by a wide margin. The author has succeeded in maintaining dramatic tension. The character seems to have more to lose, to be on the precipice of greater success or heartache with each chapter, which is a nice balancing act. In many stories in the genre, the mechanics overwhelm or the gains become

increasingly pointless. Not so, here. Aleron Kong has avoided many of the pitfalls of the genre, deftly balancing character growth and world-building with challenge that adds to the dramatic tension. This is a nice trick, considering we generally know the conventions of the genre, which usually means we know what to expect next.. but not so much here. Forging is like watching a poker tournament where the game started with a spotlight on one table, where the tournament has 128 tables with 8 players each. In the first book the main character made it past the first round. He has some winnings from the first round but the stakes just keep increasing. In poker, as they say, you're playing your opponents. Here, in round two, every one seated at the table was a winner from the first round. His opponents are smarter. There are familiar characters from the first round, but interesting new characters from this table, and some glimpse into the challenges he'll face if he makes it past this round. The outcome is becoming more highly speculative. Every now and then the main characters play smart for a few hands and then the author has them go all in, putting everything on the table.
