Customer Reviews

This hard-to-find expansion to Wraith: The Oblivion is a great addition to a Storyteller's library. It goes deeper into the backbone of the society of the dead. From ferrymen to the Deathlords and their Seats, and everything in between. You won't have any questions about the Hierarchy after reading this book.

This wraith book have a lot of "technical" information about hierarchy, including politics, bureaucracy, and military knowledge but seems like if you were reading a technical geographic book sometimes. The information contained is clearly useful and it is interesting to have this book in your wraith collection, but need not be one of the first to be purchased.
