Skulls To The Living, Bread To The Dead: The Day Of The Dead In Mexico And Beyond

Synopsis

Each October, as the Day of the Dead draws near, Mexican markets overflow with decorated breads, fanciful paper cutouts, and whimsical toy skulls and skeletons. To honor deceased relatives, Mexicans decorate graves and erect home altars. Drawing on a rich array of historical and ethnographic evidence, this volume reveals the origin and changing character of this celebrated holiday. It explores the emergence of the Day of the Dead as a symbol of Mexican and Mexican-American national identity. *Skulls to the Living, Bread to the Dead* poses a serious challenge to the widespread stereotype of the morbid Mexican, unafraid of death, and obsessed with dying. In fact, the Day of the Dead, as shown here, is a powerful affirmation of life and creativity. Beautifully illustrated, this book is essential for anyone interested in Mexican culture, art, and folklore, as well as contemporary globalization and identity formation.

Book Information

Customer Reviews

This is a good introductory book for anthropology students and an entertaining book for the general public. Brandes does a good job breaking old stereotypes of a death obsessed Mexico and describes what Day of the Dead means to modern people in and out of Mexico.

I had to do a report for my Spanish 101 class on Day of the Dead. This book was my primary credible source --an excellent, well-written, understandable book.

Amazing book on a fascinating topic that has become a cross cultural phenomena. A must read.

Ordered this sucker for an anthropology report and was very pleased. It ended up being one of my primary references.
