Customer Reviews

Before hopping into a pickup yoga class at the trendy studio down the street, make sure you read through Jessie Huff's "Finding Bliss." This comprehensive guide to the beloved fitness method is an extremely fun read and gives readers a fantastic base to kick off their new lifestyle. Yoga can be very overwhelming, but with Huff's help it doesn't have to be. Jessie lays out all the essential poses - like tree pose and downward dog - and gives a comprehensive reasoning behind the meaning of each pose. Her tone is very relatable and while reading, you'll feel like you're having a conversation with her versus taking an instructional class. Huff truly takes the intimidation out of yoga and makes it something everyone can understand.

Yoga has helped me with my health problems. This product made my journey more simple.

A thoughtful and gently informative overview that encompasses the meditative and holistic aspects of yoga as well as the basic poses.

Good descriptions but needs more pictures.
