Wicca Altar And Tools: A Beginner's Guide To Wiccan Altars, Tools For Spellwork, And Casting The Circle

Synopsis

Everything You Need to Know About Wicca, from Best-Selling Wicca Author Lisa Chamberlain

It is estimated that there are over one-million practicing Wiccans around the world today. But what is it that has made these people turn their back on the formal, structured religions that encompass the majority of the Western world? In our modern, high-pressured world, many of us fail to take notice the sheer beauty of the natural world surrounding us. In many ways, this is a travesty: the world we live in today seems so completely distant from the one our ancestors lived in, a world where humans and nature were at one, their existence intertwined in the natural cycles of life. Wicca is a new way of life, a religion that takes you back to a more simple time, before the invention of the high-tech gadgetry we see all around us. You will learn to live and appreciate the natural world that surrounds you, celebrating the intricate changes in the seasons and everything they bring – from the bounties of the Summer harvest, to the cold and darkness of the Winter months, as Mother Nature rests in preparation for the next explosive cycle of life that Spring brings. Wicca is a re-incarnation of the very earliest religions, long pre-dating Christianity. Wiccans celebrate and share many of the same beliefs that these early people held, and try to embrace their way of life, all while remaining fully-functional in today's modern world.

Getting Started as a Wiccan

If you're sold on this new, exciting, peaceful way of life, that's great! Good to have you onboard. Unfortunately, and despite this commitment, this is where many people get stumped. One of the biggest questions I hear would-be Wiccans ask: "how do I start practicing Wicca?" The truth is, there is no right answer. If you endeavour to learn as much as possible about this religion, follow the core principles (for example, the Threefold Law), and revere the natural world surrounding you, as far as I'm concerned, you're a Wiccan. If you're just starting out, I'm sure this vague answer is of little help to you! That's why I set out to write this mini-series of books, titled *Practicing the Craft*. In this particular book, you'll learn everything you need to know about Wicca altars and tools.

Wicca Altar and Tools: The Ultimate Beginner's Guide

Practicing magic isn't compulsory for Wiccans, however many people are inevitably attracted to the religion by the potential to positively change their lives for the better. As such, spellwork is one of the most discussed parts of being Wiccan. If you want to start practicing magic, it can help to have a dedicated place for your spellwork – a Wicca altar. There are also numerous "tools" and supplies Wiccans commonly use in their magic. In this book, I'll be introducing you to them all, as well as explaining what each is for. Don't worry – you won't have to rush out and spend your money acquiring all the relevant tools. Most tools are completely optional, so it's up to you which ones you want or need. Many can be sourced from nature or acquired relatively cheaply,

too. We will also be discussing some of the more popular ingredients used in spells, as well as (optional) attire for rituals. Finally, we'll be taking a look at how you know a particular tool is right for you, as well as preparing the tool for spellwork by removing any negative energies in a process known as clearing and consecrating. In other words, *Wicca Altar and Tools* will teach you everything you need to know to start practicing Wicca, today! Would You Like to Know More? Customer Reviews

A great beginners guide book. Full of much needed information about the Altar, how to properly set one up, descriptions of the Craft tools and their uses, and much much more. Every beginner needs sound information that can lead them on the right path way and this book is just the right thing for leading beginners correctly. As always Ms. Chamberlain, you are a terrific writer and teacher. Thank you. Blessed Be '«

Lisa Chamberlain, once again, provides an excellent beginner's guide. From explaining the origins of the altar to the tools used by those practicing Wicca, Ms. Chamberlain provides a complete and concise guide for those starting the Wicca path.

Excellent guide for beginners. Ms. Chamberlain's writing style is clear, concise, and non-judgemental. She easily explains the purpose of the altar and other tools one may choose to use with their Wiccan practice, all the while clearly explaining that the use or non-use of such items are based upon the individual.

Another helpful little book. Nice clear instructions for how to set up your altar, and cleanse and consecrate tools. While these tools are interesting, I like the emphasis that nothing material is required for connecting with the Divine.

WICCA Altar and tools By Lisa Chamberlain This book is a good hand book for any one starting on the path Lisa Chamberlain give clear and detailed information to how to get started on a Wicca path, She start by defining the basic paths and give some example of others. She explains the tools and types of alters, and gives reasonable ideals for tools and Altars accessory. Overall she has written a good teaching manual. Pamela L. Doane.

Great book ! As always, gives the origins which I like. Gives alignment for energy, how to create your own altar from placing to setting up. Gives what you need and how to find them as well as purchase them. What to wear if you do not already know and most of all how to clean/clear your tools

Very informative book. Lisa's writing style is very easy to understand and the content flows well. I gave this five stars because I enjoyed reading and learned a lot. I would recommend this book to anyone who is thinking about becoming a Wiccan.

I would recommend this book to anyone who is just beginning the study of the craft. It is clearly written and somewhat simple to follow along, which is what makes it good for those who are new to the practice. I do also like it as a refresher for those who have practiced for some time.
