Fire Marked (City Of Dragons Book 4)

Synopsis

Return to Sea City and Penny Caspian's oceanfront hotel! Not only are rogue dragons real, they're attacking my hotel. Every few days, there's another one, terrorizing me, my unborn baby, my boyfriend Lachlan Flint, my friends, and my guests. I have to figure out what's drawing them there and stop them from coming, if only because Clarke Gannon the dragon slayer keeps showing up, and I don't much like her. Lachlan and I are dealing with a case involving stolen magical artifacts and a gargoyle matriarch who doesn't have much faith in our skills. When the case and the attacking rogues converge one day, we run smack into Lachlan's past. He used to work undercover for magical narcotics, and now the vampire gang he infiltrated might offer our only hope to stop the rogues and protect our child. But to do that, we'll need to go undercover again, into the depths of the dangerous magical underworld.

Customer Reviews

Okay this wasn't my favorite book in the series. I kinda disliked Penny and Lachlan in this book a bit,

maybe not them personally but with how far they were willing to go. I do understand though that the story was more like a lesson to both of them about the bond (I don't want to elaborate and give spoilers). I will say that it moved the story forward though and maybe helped me (them - Penny and Lachlan) understand more about the bond they didn't know much about which was helpful in my opinion to move the story forward. I will definitely read another in the series.

Man, I freaking love these stories. Such a great storyline, the characters suck you completely in and you can't help falling in love with them. There was nothing about this book that I didn't like. I cannot wait to read the next book!

I am actually not even finishing this book it's not as fun of a read to me. Them joining the gang and getting darker and darker just doesn't appeal to me at all. I won't be reading anymore of this series. I do really like the other 3 books though.

Ok, I'm done with this series. This book was way too violent for my taste and it made me lose all sympathy for the so-called "hero and heroine". I could care less where they go from here. I know that I am not going with them.
