Customer Reviews

This book is very helpful. It will help you find not only your twin flames and soul mate but as well as yourself. You can discover how to connect with them and forge a bond. It is also insightful on how soul mates come to exist and how twin flames are related. I highly recommend this book.

Soul mates are not what most people think. This book explains perfectly what a real soul mate is in the simplest of terms. It is very easy to follow, author stays on point throughout which kept my focus on topic. I have found soul mates of different levels, this book covers that in great detail, the different levels. Now I am looking forward to advancing those levels with some of my soul mates, all thanks to this book for helping understand how and why we have soul mates on different levels. There is so much more wonderful information, but this topic was my focus. Thank you SJ Morgan, for helping my soul advance a little more. Priceless!!!

short Read 36 pages !This book was written with love and compassion. It is well organized. With help from Soul Mates & Twin Flames, you will reunite with the other half of your soul! I would highly recommend this book.

I really liked this book a lot, aside the fact it is very short, about 36 pages in total. Also I noticed

there was no pictures or diagrams to help illustrate or substantiate the author's point of view. With that being said, I felt as if the author went above and beyond explaining the very complex yet at times simplex views of an enlightened writer revealing and shedding a light on Soulmates and Twin Flames. The author did a great job explaining the differences and some of the similar characteristics of the two. The author was very clear in providing the steps necessary to meet your soulmate or twin flame, how to recognize the loved one, and just as important how to connect. So many people need this book, I needed this book, to aid me in connecting with this soul. There is a calmness in the writing, a confidence that is undeniable. I wish it would have been longer and had some pictures, but I am really happy I got it. This is one of those books, you will not soon forget. I am so very happy I got it, it answers so many questions I have, and puts a light to illuminate the path I am currently on. Thank you S.J. Morgan!!!

This has turned out to be one of the most important books of my life. It came at a time when I needed those deeper questions answered and Morgan gives some superb explanations for what I've experienced. I did note a couple of seeming contradictions in the book, but other than that, it helped me understand some important relationships in my life, what my real purpose in life is and gave me the inspiration to move forward in peace and confidence. Wonderful, wonderful book. Understanding the difference between soulmates and twin flames is not as easy as it sounds, but Morgan gave very clear explanations and examples.

I didn't learn much that I didn't already know on the subject, so it was a bit disappointing.

This book was very interesting because it incorporates the astrological aspect of twin flames. It would be interesting to check my chart against my twin flames chart to see if there are comparisons.
