## Customer Reviews

I was really excited to receive this book. It is so rare to find a children's book with such diverse content. The artwork in the book is so beautiful as it flows from page to page. Going through the different Gods and Goddesses each with a pronunciation and a simple description of each. This book is really good for all age types. It's simple enough for easy readers as well as a nice learning tool for other age groups. This can also be used as a quick reference book for any age. This book encourages readers to explore other cultures and customs they may not have otherwise been exposed too. It can be a good starting point to Spiritual exploration. The content on the last page helps explain how you can easily call upon the different deities to help guide you in your life. I certainly hope to see more books written by this new author. I will definitely be keeping my eyes open for new works. I would definitely recommend this book to anyone who is open minded enough

to let their children explore different cultures and let their imagination take them amazing places on their journey.

Beautifully illustrated and easy to read! My children love this book as well as myself. It is educational for everyone and the phonetic breakdown of the names is very helpful. 10 out of 10 would buy a book from this author again!

What a cool little book! It is imagination and fun and a great intro to deities from around the world.
