# Small Animal Dermatology, Advanced Cases: Self-Assessment Color Review (Veterinary Self-Assessment Color Review Series)

## Synopsis

Building on the great success of the author's earlier book, *Small Animal Dermatology Volume 2, Advanced Cases: Self-Assessment Colour Review* presents 255 clinical scenarios in self-assessment format. Coverage includes allergy; alopecia; autoimmune and congenital diseases; neoplasia, viral, parasitic, bacterial, and fungal diseases; and diseases related to nutrition and pigment. The cases reflect real life practice and vary in complexity from the more easily treatable to the most difficult and serious cases. The self-assessment format, featuring questions, top quality color illustrations, and detailed answers and explanations is designed to educate, not just to test. This new volume is designed for veterinary practitioners and students, veterinary nurses, technicians, and all those working with skin diseases in small animals.

## Book Information

Series: Veterinary Self-Assessment Color Review Series

Paperback: 288 pages

Publisher: CRC Press; 1 edition (December 12, 2013)
