Pale Immortal (Land Of The Dead Book 1)

Synopsis

Book One of the Tuonela Duology* Original print publishing by Penguin Group/NAL The legend: A hundred years ago, in what is now called Old Tuonela, a killer known as the Pale Immortal walked the streets. When darkness fell children were rushed inside, doors and windows locked up tight. Some claimed the Pale Immortal bathed in blood, and that blood flooded the streets until the ground became saturated. Even after the Pale Immortal's reign of terror ended, people were afraid. His death had come too late. Many claimed the ground was cursed, and so a mass exodus took place. Every single person relocated to a new development five miles from the old one. A better location, they claimed. And prettier. On a bluff overlooking the river. Why had anyone settled at the old place, in such a dark valley? Let's pretend Old Tuonela doesn't exist. Let's pretend we always lived here, in the new place. Even though a hundred years has passed, many locals still like to pretend Old Tuonela isn't just beyond the outskirts of town where the softly rolling hills end abruptly, the valleys become dark and deep, and the roads turn back on themselves. Look closely through the trees and you might see it on the other side of the Tuonela River. Book description: The sleepy town of Tuonela, Wisconsin, is known for one thing: the killer who stalked its streets one hundred years ago, drinking the blood of his victims. And when the drained corpse of a young girl is found, the citizens fear their past has risen from the grave -- and point their fingers at one man.... Evan Stroud can never see the light of day. The prisoner of a strange and terrible disease, he lives in tragic solitude, taunted for being a "vampire" --until the son he never knew he had shows up in Tuonela, and is drawn into its depraved, vampire-obsessed underworld. Then Evan must rely on his childhood friend, coroner Rachel Burton, for help. But the evil that they face is powerful and elusive -- and about to take them to the very edge of madness. Recently, I broke one of my own reading rules. Long ago, I learned that I have to be very careful what kind of books I read because if I read something that is too dark, I have nightmares for weeks afterwards. Then a few weeks ago, I discovered the blog that Anne Frasier had created for her latest novel and on which she had posted Chapter 1 of Pale Immortal. That chapter piqued my interest enough that I continued to check back and later when she posted Chapter 2, I knew I was hooked. I had to know what happened to those characters. For years, Graham Stroud's mother has threatened to leave him with his father in the town of Tuonela as if that was the worst punishment she could inflict upon him. But when she actually does abandon him on Evan Stroud's doorstep just days

before his sixteenth birthday, Graham finds not the evil monster of his mother's tales but a man inflicted with a rare disease in which Evan must constantly guard against being exposed to sunlight. Evan reluctantly agrees to take Graham in while DNA tests are being done to determine if Graham's claim to be his son is true. Over the course of the following days, for the first time in his life Graham begins to feel hope that some kind of "normal" life is possible for him. However, all is not well in Tuonela. It is a town haunted by its past. And when the morning after Graham's arrival in town, the body of a young woman is found completely drained of blood, that past is brought chillingly into the present. County Coroner and Medical Examiner, Rachel Burton is called upon to investigate. But she soon has another body on her hands, an old, long dead, (and until recently) buried body but one which she suspects may be that of the Pale Immortal, himself.
