## Customer Reviews

Don't waste your money on this book. You can do a better job of researching on your own, especially if you are looking at publishing science fiction short stories in magazines. Of the approximately 90 magazines listed in this book, I found only 9 from the list of approximately 30 magazines listed by Science Fiction and Fantasy Writers of America (SFWA) as Qualifying Short Fiction Venues for membership. Go to their web site for a better understanding and to find a place to

publish both your SciFi and Fantasy short stories. Of the magazines they did list in the book, too many were regional, niche, or paid under \$10. Last bit of irritation was that the web site link for "Strange Horizons" was wrong.
