Wisteria Witches (Witch Cozy Mystery And Paranormal Romance)

Synopsis

"Best debut paranormal romance / witch cozy mystery series of the year!" - Kennedy Chase, Hemlock Cove Mysteries "Witches and spells and shifters, oh my! I love the characters and the incredible urban fantasy setting in this book!" - Amelia Morgan, Witches of Enchanted Bay "A vivid tale of modern witches with a wicked-good mystery." - KM Morgan Zara Riddle moves to the town of Wisteria for a dream job as a librarian. She hasn't even unpacked her moving boxes when she and her teen daughter, Zoey, are swept up in a murder mystery. With all the ghosts and supernatural creatures around (Including a real hunk of a wolf shifter! Meow!) it's a good thing the Riddle women are tougher than they look. Now, if only they could handle their new witch powers as well as they've mastered their sarcastic wit! **WISTERIA WITCHES** is a complete, full-length novel. Look for the sequel, **WICKED WISTERIA** (Wisteria Witches Book 2), available now. File under: paranormal romance, witch mystery, cozy murder mystery, romantic comedy, female detective, amateur sleuth, mystery series. Note - this title was originally released as being authored by the main character, Z. Riddle, which was a pen name for Angela Pepper. Thank you for your support!

Customer Reviews

Wisteria Witches is categorized as a witch cozy mystery, but it is really a fun, witty, sarcastic, amazing, and well done story told in the first person by the author. Zara Riddle moved into a new home with her daughter, Zoey, in a new town. What they learn about the house, town, and people living around them is that things aren't as simple as they once thought. The house has a ghost, their neighbors are a bunch of hunky/furry males, and Aunt Zinnia lives in the town, too. But, the big news Aunt Zinnia has for the pair is that they come from a family of witches. Yes, witches with real powers. Those powers come to the females when they turn 16, so Aunt Zinnia wanted Zoey nearby to help guide her. Zoey's powers haven't manifested, but Zara's sure have and she can move objects AND has a connection with ghosts. That makes it awkward living with the ghost of the deceased owner of their house. She communicates with Zara and wants her help finding her killer. I absolutely, positively, loved, loved, loved this book and could not put it down!! The dialogue is witty and sarcastic. The relationship between mother and daughter (Zara and Zoey) reminds me so much of the way my oldest and I act. The secondary characters throughout the story were not boring at all, and the story kept moving forward, even when it went off on a tangent within the dialogue. It made me feel like Zara was really conversing with me and telling me about what was going on. LOVE THAT! And, as for the connection between Zara and her hunky new neighbor, Chet? Hello!! They were on fire! and that is without any love scenes within the pages of this book! It has been a long time since I loved a story this much, and this one is a MUST read by everyone!*copy provided for review.

This was a great book. Moved very fast, and I didn't guess the murderer. Loved all the characters! Can't wait for the next book. Very witty, droll and quirky. Highly recommend it. So glad I came upon this author. Kudos!!!

Such an entertaining, fun read! You will thoroughly enjoy this whodunit! Will you solve it as our author did? Are you surprised to find out she is writing about her family? Such fun!

This was a really a cute story of a mom and daughter who moved to Wisteria, and have bought a haunted house.. I enjoyed the first book of the series, waiting to see what happens next to them, now that mom has finally got her witching powers...

I thoroughly enjoyed this book. Zara, the main character, is full of spirit and has such a dry wit about her. I love her sense of humor. Her daughter, Zoey, is not a typical teen, because she seems so

sweet. The sarcastic interaction between mother and daughter is excellent. Throw in some spells from witches, some body take overs from ghosts, some shape shifters, and a murder to solve, and this book has the makings of a great read! Oh, also the beginnings of love! Paranormal cozy murder mystery at its best. I'm looking forward to the next one. Hope you read and enjoy this book as much as I did!!!

This is a fun start to a series! The tone of the book is lighthearted and the characters are generally interesting, if a little flaky (but then again, so are people in the real world). I love the relationship between Zara and Zoey. There are a few odd continuity jumps, some of which appear to be on purpose. The book is written in first person, so some of these jumps are part of the story, but other places it felt as though things were a little too pat or simple. And if you are looking for deep drama or complex emotions, this probably isn't the book for you. Nonetheless, this was a fun read and I am looking forward to the next book.

A hilarious mystery with quirky and supernatural creatures/people. Extremely well written with a great plot. I read the 2nd. book first, and loved it so much that I had to get this one. Pepper has a unique style that makes her imaginative world lively. If you like quirky characters and intrigue, you'll love this series.

This is my first read by Z. Riddle (aka Angela Pepper), and it's my favorite of all the Cozy series so far. This well written who-done-it keeps you entertained and guessing throughout the book. I love the three red-headed generations of witches, and the 3-generation next-door neighbors (including a shape-shifter) adds another interesting element. Can't say enough good things about this series.
