Customer Reviews

Ramananda Prasad, a sincere devotee of the Vedic literature, dedicated many years of his life for the propagation of its information in modern languages, primarily English. Here again he gave an introductory avenue to a difficult set of books which came to be known as the Upanishads.His translation with subsidiary supports makes an in-road and gives access to the magnificent conclusions left by the ancient rishis sages of India. The term Upanishad means that students sit at the feet of learned masters of psychology. Thus we become curious about the subject matter.This book gives us a summary view of the information which was divulged by those teachers. It is easy to read and will encourage you to delve deeper into the subject matter.

Most English translations of the Upanishads are difficult to read and understand. Dr. Prasad has done a excellent job of translating difficult Sanskrit verses into English. Commentary is also added where necessary; but not overdone to bore and bog down the reader.

Great, simplified yet powerful presentation of these timeless works :). Great buy.
