This is the other part of the 2-volume The Legend of Heroes artbooks. I like this one better because it the characters plus the setting, so there's really more meaning to the illustrations. The Legend of Heroes: The Characters has only characters and there not much insight into them.è< é>„ă •èª¬ ç©ªăf»é»¶ăf»çøšă•®è»œè ; THE ä ¢ăf©ă äf~ăf-ăf ä äfšăf ä çăf äf~ăf-ăffă is the original Japanese artbook for this book and that was released in 2012. This English edition is translated by Udon.The games featured are The Legend of Heroes VI which consist three Trails in the Sky games, and The Legend of Heroes VII which consist Trails of Blue and Trails of Zero. These games are from 2004 to 2011.Just like the other artbook, this is equally thick at 272 pages. The art is great. Many are huge artworks printed to the edge. Backgrounds are beautiful with a lot of different settings. Also included are some event artworks and designs for the mechas and vehicles

in the game. There are no captions other than the title of the artwork. Again, this book received rather mixed reviews on Japan. One gave 3 stars just because there are no commentary. Anyway, I give this book 5 stars for the art. (See more pictures and the book review on my blog. Just visit my profile for the link.)
