This is nearly perfect. It is short and right to the point without a lot of unnecessary filler. It describes how to actually blow the Shofar, how to select and maintain your Shofar, the various sequences of notes to be played, and the reasons and purpose for the various occasions upon which the Shofar

may be played. All this in a very direct and concise manner. Well done!

The book is as it title " Easy Guide to Shofar Sounding. Very simple easy book to read and follow. It even goes into details on how to go about choosing, blowing, cleaning, and when to blow the shofar.

Easy Guide to the ShofarThe Shofar is a most ancient instrument, used in the Temple in Jerusalem. Mr., Finkle traces the history, musicality, technique and religious significance of the instrument. The Shofar is mentioned several times in the Bible for many purposes. Both Christianity and Judaism revere the Sound of the Shofar because it will sound at the advent of the Messiah. Therefore, this is a "must-read book.Arthur Brown

I bought this short book because I wanted something I could base shofar lessons on. This book gives very simple explanations of the sounds and the history of blowing the shofar. It's proved itself to be quite useful.

Great book to give to kids around the high holidays. I am still pretty hopeless when it comes to sounding the Shofar but hopefully, others with more talent can use this book to their advantage.Should be in the library of every Jewish family and taken out and reviewed each year during Rosh Hashanah and Yom Kippur.

I teach shofar, and this little book, written with lots of love, provides a student, both new and more experienced, with useful information and lore about the shofar. Several photographs give good models of good posture and how to hold the shofar. Also, he shows his way of playing the calls with musical notation, which is very helpful. I highly recommend this little book to anyone who is interested in finding out more about the shofar.Cantor Daniel PincusNYC, NY

While filling a conspicuous void, this masterpiece brilliantly helps laymen unlock the mysteries surrounding the art, history, rationale and joys of Shofar blowing. The book successfully traces the origins of this hallowed practice from biblical times through the Talmudic era to the Middle-Ages in a reader-friendly fashion. In a manner accessible to both old and young, this jewel for the inquisitive mind betrays meticulous research, eloquent and authoritative writing, and loads of helpful information. This eye opener for the perplexed is a unique accomplishment. Grab it!
